## C. A. MCKITTRICK FATALLY WOUNDED BY S. E. WINSTON

Difficulty Over Sale of Ranch  
Near Gallup Brings on Quarrel With Tragic Results;  
Slayer in Jail.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Gallup, N. M., Nov. 6.—Charles A. McKittrick was shot and fatally wounded yesterday evening by Samuel E. Winston, at the Winston ranch about twenty miles south of Gallup. Winston telephoned in to the sheriff's office yesterday afternoon stating that he had shot McKittrick in self-defense and that he would wait at the ranch until the officers arrived to arrest him. He also asked them to bring out a doctor to attend McKittrick who was mortally wounded.

Both McKittrick and Winston were brought to town late last night. McKittrick was taken to the county jail and McKittrick was shot through the stomach and chances of his recovery as far as has been learned at the present time is very poor.

The shooting of McKittrick is the outcome of a series of quarrels that have been coming up between the two men for the past two months or more. McKittrick sold his ranch and trading store to Winston several months ago and left the country, going to San Diego, Calif., to reside. He returned here about two months ago and shortly after his return announced that he had decided to take the property back and return to the business. Some misunderstanding came up in regard to the return sale. The men remained in a hot fight a week or two and the matter was brought into court here for settlement. A few days ago McKittrick asked the courts to grant him an injunction restraining Winston from selling his ranch crop of hay in Gallup because he claimed he had already purchased the hay, and Winston was not complying with his part of the contract. It is told here by some that on the day the trial was held in Gallup McKittrick secured a pistol and several times threatened to shoot Winston. Winston stated that he has been threatened by McKittrick several times since that.

McKittrick yesterday went to the home of Simon Danoff who lives a short distance from him and hired him to take him to the Winston ranch, twelve miles away, in his auto. The men talked over their business relations in a very heated manner for some time, and it finally developed into the shooting scrap. McKittrick was the first to draw his pistol and fire. The bullet passed through Winston's hat. Winston was also armed and pulled his gun almost at the same instant and fired. The bullet from his gun struck McKittrick in the pit of the stomach. The latest report on his condition is that he has absolutely no chance for recovery. McKittrick had employed Danoff a few days ago to take him over to the Winston ranch in order to talk over the business matters they had. Danoff at first refused to take him over each time because he knew there was bad feelings between the two men, but he claims that McKittrick appealed to their long standing friendship so that he finally consented to take him.

McKittrick is an uncle of Mrs. Winston. Mrs. Winston was in Gallup at the time the shooting took place. Winston is held in the county jail awaiting a preliminary hearing. Mrs. Winston wired her father who resides in Texas, and he will arrive here on the earliest train and take steps to have Winston released from the jail on bond.

McKittrick is one of the old-timers.

## CARLSBAD SCHOOLS TO CLOSE DURING WEEK OF TEACHERS' CONVENTION

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Carlsbad, N. M., Nov. 6.—The Carlsbad schools will be closed during Thanksgiving week on order of the local school board. This is done in order to give all the teachers in the schools here opportunity to attend the convention of the New Mexico Teachers' association which will be held in Albuquerque.

## FARMERS OF HOPE ARE GETTING PROSPERITY IN GREAT BIG CHUNKS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Hope, N. M., Nov. 6.—Prosperity is coming in chunks to this little inland settlement on the Pecos river in northwestern Eddy county. The apple growers have done well this year and received a fair price for the crop that is now about all marketed.

The fruit growers have been growing from year to year until fruit growing has become one of the main industries. At the same time that fruit growing has developed the farmers have given attention to other crops like alfalfa and forage crops like kaffir corn and milo maize. Transporting these crops to the Santa Fe railway over twenty-five miles away was expensive and the people decided that marketing the grains, fodder and hay in the feed lot was the sensible way. Last year a few fed lambs at a profit and this year the Hope section is turned into a big feed lot. Through the assistance of the bank, the farmers were able to buy such livestock as they needed. Something like 15,000 lambs and muttons are on feed and a considerable number of steers. The Hope people have apparently found that the combination that will make prosperity in the Pecos valley is fruit and livestock.

## ROBBERS IN TULAROSA BLOCKED BY INGENUOUS BURGLAR ALARM DEVICE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Tularosa, N. M., Nov. 6.—An attempt was made recently to rob the Tularosa postoffice but W. A. Chapman, postmaster, had installed an ingenious contrivance so that if anyone entered the postoffice or drug store in which the postoffice is situated, the telephone in his house would ring. The phone called him up two nights ago and obtaining aid, he went to the postoffice, which was opened but nothing had been taken.

One man was seen about the place, but apparently did not care to wait to discuss the weather, as he disappeared across the street. Last night a man forced an entrance into Wertheim's store, which is situated on the corner opposite the postoffice. Again an alarm was given and the would-be thief left before he had secured any booty. It is but recently that the Meyers store in Las Vegas entered the safe broken and much booty secured.

## FINAL TRIBUTE PAID TO MRS. JOHN A. MOSES

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Silver City, N. M., Nov. 6.—Final tribute was paid here yesterday to the memory of Mrs. John A. Moses, one of the pioneers of Silver City, and a woman respected and loved by a wide circle of friends, whose death occurred the past week in Los Angeles, where she had gone several months ago for treatment. The body was brought home for burial and the funeral was one of the largest attended in the history of Silver City. A husband and family of grown children survive.

Following closely upon the death of Mrs. W. M. Spencer, which also occurred the past week, Silver City and Grant county have lost two old-timers who had an active part in the early history and building of this part of the state.

## EGGS ALL READY FOR BARNSTORMING TROUPE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
East Las Vegas, N. M., Nov. 6.—One of those rotten theatrical companies that usually shows up here about once each season would do well to strike Las Vegas right now. Eggs have risen in price to 40 cents per dozen, and there is not half enough hen fruit on the market to supply the demand.

Eggs of all kinds and ages, from ranch to cold storage, from fresh to rotten, are so scarce that many a person who wants his "ham and egg" or his "two in the water" is going without. The surrounding country keeps Las Vegas supplied with fresh eggs, and the shipped-in variety is used only for cooking, but since the recent suffrage elections in New York, Pennsylvania and Massachusetts, this San Miguel county hens have quit laying.

Miss Reagan Wins Contest.

East Las Vegas, N. M., Nov. 6.—With the subject "Race," Miss Edith Reagan, of Portales, Silver City and Grant county, won the preliminary oratorical contest in the college section at the New Mexico Normal university. Edwin Rosenthal, of this city, won the first honors in the academic section, his subject being "Americanism." These young people will represent the Normal university in their respective sections at the state contest, which will be held in Albuquerque the latter part of this month, during the convention of the New Mexico Educational association. Las Vegas high school will hold its preliminary contest on Friday, November 12.

Saloonkeeper Convicted.

Saloonkeeper at Cerrillos, was today found guilty in the federal court, with recommendation of clemency, on the charge of selling liquor to an Indian.

## CARLSBAD SCHOOLS TO CLOSE DURING WEEK OF TEACHERS' CONVENTION

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Carlsbad, N. M., Nov. 6.—The Carlsbad schools will be closed during Thanksgiving week on order of the local school board. This is done in order to give all the teachers in the schools here opportunity to attend the convention of the New Mexico Teachers' association which will be held in Albuquerque.

Indications are that the Pecos valley will send a big delegation to the convention. The Santa Fe railway has granted the very low rate of one fare for the round trip. This courtesy will help to increase the attendance at the convention from the east side of the state.

It may be said in passing that these conventions of the New Mexico teachers surpass in importance, even the state fair, to the future development of the state. New Mexico is waking up to the necessity of getting together. It is a big state. It has great variety of climate, surface and resources. It has a wonderful history. It is really the only state in the union that has a history that reaches beyond the coming of the white men. It is the meeting place of the Latin and American civilizations.

The teachers of the state largely determine the direction of the instruction in home geography and home history. On them really depends the duty to instill patriotism for the state. New Mexico still depends to a great extent on other states to supply the teachers of the schools. Well educated though they be, they are a rule know little of New Mexico history. Meetings of this kind therefore fit them better for their duties in New Mexico schools.

## IMPORTANCE OF KENNA AS LIVESTOCK POINT GROWING EVERY DAY

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Kenna, N. M., Nov. 6.—Kenna has become an important livestock point in eastern New Mexico. It not only ships out much stock, but for the past year or more has brought in many cattle from other parts of the Pecos valley. For many years this section was looked upon as indifferent range, but as feed began to be grown and used for wintering stock, there has been a great expansion in the stock business. The people also found that under the new order of things it paid to grow better stock and they are shipping out the old stock and replacing it with better cattle.

Eleven cars of cows and bulls were brought in from Texas today by McCombs & Howell. There were 740 cows and twenty-nine bulls in the lot. The stock came from the ranch of Dr. F. E. Dorsey and H. E. Barber of Carlsbad. It will be remembered that they bought a good ranch about two years ago in Texas, some distance south of the New Mexico line. There was at the time nearly two thousand head of cattle on the ranch. The lot that came to Kenna today is well bred and will add to the quality of the stock grown hereabouts.

## WURLITZER ELECTRIC MUSICAL ORGANS ARE VERY POPULAR

W. J. Flynn, the local distributor for the famous Wurlitzer musical instruments, yesterday made several extra good sales. R. C. Garrett, the moving picture man of Gallup, was in the city and purchased from Mr. Flynn a \$2,000 Wurlitzer electric organ for his club theater. Fred Baxter, also of Gallup, where he conducts a saloon, was in the city, and purchased for his Gallup resort a \$2,500 Wurlitzer electric instrument. During the past week, besides these two mentioned, Mr. Flynn made several other sales to outside parties.

## Must Wait for Salaries.

Santa Fe, Nov. 6.—As is customary at the end of the fiscal year and occasionally at the end of a quarter, the state treasurer will not be able to pay officials their quarterly and monthly salaries in full on November 20 and will only pay such fraction as the condition of the treasury will permit. However, in a day or two after the first, there are generally sufficient funds received to permit payment of salaries in full and so it happens that in December the state treasurer generally makes two distributions, one early in the month and the other later. Because of the changes made by the tax commission in the assessment rolls, however, many of the counties will not be ready to collect taxes in time for remittance in December and that may put off payment of salaries until January, forbidding a slim Christmas for the officials.

COL. W. F. CODY (BUFFALO BILL)  
Here With the Sells-Floto Circus Tomorrow.

## MISS ROSA ROSALIND 'MAID OF MYSTERY' WITH SELLS-FLOTO

"Ed like to join your circus?" she was young and childish appearing, and she stood smiling into the face of Fred B. Buckman, the general manager of the Sells-Floto circus and Buffalo Bill's original Wild West show here tomorrow. It will bring in one of its chief features, Rosa Rosalind, the "Maid of Mystery."

For the circus has traveled just one thing about her since that day of the first big winter, and that one thing is that she can outstep anyone in the business. The rider has simply announced that she desires to be known as Rosa Rosalind, and that's all the circus can learn. But one thing is sure of—that she is the most equine thing it ever discovered.

The general manager opened his eyes.

He rose from his desk and Edgington, looking over a list of names from the circus, with one of the first horses. The girl slipped a pack of cards and looked them. Two minutes later the general manager of the Sells-Floto Buffalo Bill circus stepped and reached out—she was smiling at something to him. "The girl had performed the turning of a 'flip-flop' on her back. And that was just the beginning. That night a young girl, the manager and the owner of the Sells-Floto Buffalo Bill circus, passed between them. And as a result of it all, when the Sells-Floto circus and Buffalo Bill's original Wild West show comes here tomorrow, it will bring in one of its chief features, Rosa Rosalind, the "Maid of Mystery."

"That so?" he asked. "What circus have you been with?"

"None."

"Oh, well, what can you do?"

"Ride."

"Got any pictures?" she asked.

"I haven't any pictures," she answered, "but if you'll take me to the fine ladies I'll show you what I know about riding I think."

And she smiled a knowing little smile. "I can jump about outside any equine thing in America."

## "ALL WE ASK IS FAIR PLAY"

It is yet fresh in the minds of the public that we had to move our business last year outside the city limits because we sold our goods too cheap.

We do not claim to be another Abraham Lincoln, who once was engaged in the liquor business; but we are at least human.

No women reside here. No gambling allowed. There are some fanatic people, on account of their selfish, personal or political reasons, who pretend that they do not believe the open saloon should exist.

Any person, as has been done in this case, with his pen, words or through his actions, trying in any way to justify such a dastardly and cowardly act as was tried against the several lives and our store, forget they might be only suggesting to some unscrupulous person to hire some villain to commit the same act against his family, his parents or friends. As it is a well known fact that dynamite has been used to blow up peoples' homes and various other industries, I have offered ONE HUNDRED DOLLARS REWARD for the arrest and conviction of the parties who tried to dynamite our store October 16th, 1915.

We have each and every night a deputy sheriff on our premises, his salary paid by us, to protect our patrons and property from the unscrupulous criminals.

We have been in the liquor business in this county over two years. Please ask our present landlord, neighbors and hundreds of your friends and our customers, the county and Precinct No. 1 officials, in which our business is located, and they will tell you we have always run a legitimate business.
